

VOL. LI.—NO. 38.

KNOX'S DISABILITY REMOVED

The Senator Can Now Accept the State Portfolio in the Taft Cabinet.

HOUSE VOTED 173 YES TO 117 NAY.

Two Votes on the Measure, the First Standing 179 to 123, Thus Lacking Two-Thirds Majority—Committee on Rules Held Meeting, the House Again Taking up Bill on Rule Requiring Only a Majority Vote.

Washington, Feb. 15.—By a vote of 173 to 117 today the house passed the bill removing Senator Knox's disability for the office of secretary of state. This was the second vote of the day on this measure, and the two were separated only by about two hours' time.

Two Votes Taken. The first vote was taken on the bill under general order for the suspension of the rules, and under that order, according to the rules of the house, a bill must receive a two-thirds majority to insure its passage. The first vote stood 179 to 123. The majority thus fell considerably below the two-thirds requirement. Immediately after this result was announced the house committee on rules held a meeting, which resulted in Mr. Dainoff's bringing in a rule making it in order for the house again to take up the bill and act upon it under condition requiring only a majority vote to pass it.

Sharp Criticisms of Opponents. The opponents of the measure did not cease their antagonism which on the previous consideration was productive of a number of sharp criticisms, but immediately demanded a roll call on the previous question on the adoption of the rule. This call consumed twenty-five minutes and after the rule had been adopted the debate was resumed.

Mr. Olmsted (Pennsylvania) contended that the bill did not accomplish an evasion of the constitution. Among several other precedents Mr. Olmsted

WIRELESS DESPATCH FROM BATTLESHIP CONNECTICUT Received in New York Last Night—Position of Fleet Given.

New York, Feb. 15.—A wireless despatch was received here tonight from the flagship Connecticut of the American fleet, which left New York on the morning of the 14th, stating that the fleet was in the position 34.1 latitude north and longitude 74.3 west and sailing a course north by 61 degrees west.

A wireless despatch received at 8 o'clock from the battleship Maine, flagship of the third squadron, which will welcome the returning fleet, stated that the Maine was in the position 32.45 latitude north and 61.75 longitude west.

The position of the battleships indicated by the wireless despatches from the Connecticut shows that the returning warships will be able to reach Hampton Roads by Sunday and as early Saturday afternoon, it is deemed.

CONTEST OVER WILL OF RECLUSE

Materially Simplified—Benjamin Hadley Left Estate of \$500,000.

Cambridge, Mass., Feb. 15.—The contest over the estate of Benjamin Hadley, an aged Remondville recluse, who died in December, 1897, leaving an estate valued at approximately \$500,000, was materially simplified today when Judge Lawton of Middlesex county probate court dissolved two alleged wills which had been filed. These two documents were found in England, together with a third will which was not offered for probate, and they provided patently that all the property should go to residents of Torrington, England. One of these wills left the estate to the president of the United States. Judge Lawton stated that the evidence had been so clear that the wills were the work of the testator and were all in the same handwriting.

The only remaining will, which was found in Connecticut, was then taken up. This will left the bulk of the estate to a nephew, Walter F. Hadley, and two other nephews, George M. Hadley and Clarence V. Hadley, who are contesting it, were left \$50,000 in trust. After the three witnesses to this will—Robert P. Hadley, Robert P. Hadley, Jr., and Albert Towle—had testified that they considered Mr. Hadley sane and of sound mind at the time the case was continued until Wednesday.

PANAMA BANANAS IN BOSTON.

First Shipment of the Fruit Ever Brought to That City.

Boston, Mass., Feb. 15.—The first shipment of bananas ever brought here from Panama arrived today on the steamer Libani, which was chartered to go down the coast to the isthmus for her cargo because of the failure of the Costa Rica crops, owing to the recent war.

The Libani brought 12,000 bunches from Panama and will continue bringing them if the fruit proves a success.

MEXICAN INFANTRYMEN ON TRAIL OF MAYA INDIANS.

Mexico City, Feb. 15.—Lieut. Alejandro Berlin has been ordered with fifty infantrymen to penetrate the territory of Quinana Roe and find the Maya Indians that have been attacking settlements and small detachments of soldiers. Ten days ago the Indians attacked a small detachment of soldiers and captured a number of mules carrying army provisions.

EIGHT CHINESE CAPTURED RUNNING THE BORDER.

Guangzhou, N. Y., Feb. 15.—Eight Chinese were captured here today, having walked across the St. Lawrence river on the ice from Canada. They arrived at the border from Montreal on the midnight train, and were placed here by an Indian. All the Chinese had their queues cut off and wore American clothes. They will be charged with unlawfully entering the United States.

FIRST THROUGH TRAIN OVER ROGERS' VIRGINIAN RAILWAY.

Norfolk, Va., Feb. 15.—The first through mail passenger and freight train from Norfolk to Roanoke over H. H. Rogers' Virginia railway went out today. It is expected to establish through service, both freight and passenger, by April 1.

Cabled Paragraphs.

Paris, Feb. 15.—Marquis Merle-Charles-Albert Costa De Beauregard, a member of the French Academy and a Cavalier of the Legion of Honor, died in this city today. He was born May 24, 1835.

Paris, Feb. 15.—Edmond Rostand, the playwright, has selected M. Lebargy of the Comedie Francaise to replace Benoit Constant Coquelin, who died last month, in the leading role of Rostand's new play, "Chantilles," at a salary of \$30,000 a year.

Algiers, Feb. 15.—An unknown sailing vessel rammed the Belgian steamer Australia during a storm February 12, near Algeria Island, in the Mediterranean, 100 miles from Gibraltar. Both vessels foundered. The total loss of life was 30, 14 from the sailing vessel and 16 from the Australia.

Crackow, Austria, Feb. 15.—The trial began in this city today before a Russian revolutionary tribunal of Stanislaw Bzheozofsky, a Polish writer and an intimate friend of Maxim Gorky, on charges of being an spy in the service of the Russian police. The case resembles that of Axel, the man who has been condemned to death by the revolutionists for treason.

New York, Feb. 15.—While endeavoring to elude a bet of girl stenographers on which they deposited money, George Spencer, Millett, a youth, was the victim of a bet of \$100,000 in the offices of the Metropolitan Life Insurance company.

Died on Way to Hospital. The lad, struggling to escape the embraces of the girls, suddenly fell to the floor, and an ink eraser in his pocket pierced his side above the heart. He died from internal hemorrhages on the way to the hospital.

Panic Stricken Girls. The girls became panic stricken when they saw that the boy was hurt. The police investigated the case and thought at first that Millett had been stabbed by one of the stenographers. The police have detained Miss Gertrude, who is charged with the murder, and are now waiting for the results of the autopsy.

Interest Accentuated. The interest excited by the sailing of the fleet fourteen months ago naturally has been accentuated manyfold by the remarkable cruise, and excursions to be run from most of the eastern cities.

The Programme. The programme of entertainment here is still indefinite, for it is not known as yet just how many of the ships will be detached after the president's review and sent to the navy yards.

As the ships are to anchor in practically the same position from which they started on their voyage around the world, December 16, 1897. They were anchored before sailing in two long lines, but fell into single column to follow the Mayflower to the reviewing water off Chinle Shoal Light.

Will Be Fine Spectacle. As understood here, it is Admiral Sperry's intention to bring the ships in the capes and past the president's review, and then to anchor in the harbor. The anchoring manoeuvre, which the ships past the government pier probably will be the prettiest part of the spectacle, is expected to be witnessed to be taken by the escorting ships of the third squadron, under Admiral Arnold, is not yet known.

FIRST BROMLEY LECTURE ON "JOURNALISM" Delivered at Yale by Editor of New York Tribune—Advice to Anyone Thinking of Entering Upon Newspaper Work.

New Haven, Conn., Feb. 15.—That the newspaper is here to stay, because it is indispensable, and that anyone thinking of entering upon such work should not engage in such work unduly or lightly, but reverently, discreetly, advisedly, soberly, and in four solid words, was the message of Hart Lyman, editor of the New York Tribune, in the first of the Bromley lectures on "Journalism" at Yale tonight. Mr. Lyman said a tribute to the life and work of Isaac H. Bromley, Yale '33, in whose memory the lecture series was established by a gift of Mr. Adelaide B. Bromley, his widow. He reviewed briefly the beginning of journalism in England, spoke of conditions in America, and said that the newspaper should be a mirror of the people, and not a tool of the few.

Scientific Management. As compared with the former home for unfortunate, the new building is far superior in every respect. At the outset, the health of the patron, man and woman, could be housed in the old place. Those in charge of the new building declare it is the most complete and comfortable in the city. It is anywhere to be found. The plan on which it is to be run is based on scientific principles.

Two Meals Daily. Here, for instance, is the system of serving meals (there are only two a day, breakfast and supper): Breakfast, 7:30 a.m. to 9:30 a.m.; supper, 6:30 p.m. to 8:30 p.m. The meals are served in a large hall, and the food is prepared in a kitchen.

Supper, daily (for men): Coffee, six ounces; milk, two ounces; bread, six ounces; sugar, one-half ounce; butter, one-half ounce; fruit, one-half ounce. Breakfast, daily (for men): Coffee, six ounces; milk, two ounces; bread, six ounces; sugar, one-half ounce; butter, one-half ounce; fruit, one-half ounce.

Must Register and Give Record. The first thing that happens to a man who applies for a night's lodging is registration. His record is also taken. The man is then assigned to a room. The room is a small room, and the man is given a bed. The man is then given a blanket and a pillow. The man is then given a nightgown and a pair of slippers. The man is then given a towel and a soap. The man is then given a comb and a brush. The man is then given a mirror and a clock. The man is then given a key to the room. The man is then given a card with the name of the room and the name of the man.
